I love my fire stickBy VelmaI love my fire stick, It is the perfect thing I don't like keep going to red box to rent movies and Netflix doesn't always have the latest movies right away and some times its not what I want to watch. With my fire stick I can select old movies new movies any thing I want to watch without leaving the comforts of my living room, and with the jail break app I can even watch movies that are out in theaters, because I hate the crowds of movie theaters, I just pop my own popcorn and get in my PJ's and watch tv and with Alexa I can ask any thing and see the weather order from or find information on youtube I LOVE IT.0 of 0 people found the following review helpful.
