**William McNeill, Will McNeill : First Time Resume** before purchasing it in order to gage whether or not it would be worth my time, and all praised First Time Resume:

Complete with more than 40 real-world examples, this quick, easy-to-use guide is a non-threatening resource for people who may be a little apprehensive about writing their first resume. This book takes the mystery out of the

process, and shows people just how easy it really can be.
