**From An Gum : Focloir Scoile : English - Irish Dictionary (English and Irish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Focloir Scoile : English - Irish Dictionary (English and Irish Edition):

8 of 8 people found the following review helpful. Finally, an Irish dictionary that shows how to pronounce Irish words!By Rob JenkinsIrish orthography is notorious for being less than 'phonetic'. You learn how the spelling system works with the right instructional text, by listening to native speakers -- or both -- and after a lot of practice. This dictionary helps to reinforce this process; although it uses a "broad transcription" system that doesn't hew to any

particular dialect, at the very least, such transcription gives the student a starting point with which to work until (s)he becomes more familiar with his/her preferred dialect. I highly recommend Focloir Scoile because of such an approach. 2 of 2 people found the following review helpful. Irish class By allen murray It satisfies a requirement for Irish class. It has pronunciations as well explanations concerning conjugation and regional grammar. It is very to use as well. 0 of 1 people found the following review helpful. It is a great little dictionary because it goes English-Irish/Irish-English By Susan Herold It is a great little dictionary because it goes English-Irish/Irish-English. I have used it for quite along time and just gave it as a gift.

New softcover in excellent condition!
