**Jay Maurer : Focus on Grammar, Level 5, 4th Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Focus on Grammar, Level 5, 4th Edition:

3 of 3 people found the following review helpful. i was hoping this would measure up to the wonderful F. OBy Audrey Holdsmeni was hoping this would measure up to the wonderful F.O.G 3 that came with my TESOL course a few years ago. I use the FOG 3 often for a variety of exercises with students and it is really effective. This #5 was priced less than others so I took advantage of this great price when I decided to buy it. Although it has a similar format it somehow the exercises are not as user friendly, encouraging or fun like the FOG 3. I will never use it so deposited it in the school's resource room for others.0 of 0 people found the following review helpful. Ok conditionsBy Sharom PerezThe book is okay, but it has most of the units resolved. The back of the cover is not in excellent conditions.0 of 0 people found the following review helpful. Focus on Grammar, in its new fourth edition, maintains the proven pedagogy that makes it the most popular contextualized grammar series worldwide. Its unique four-step approach takes students from context to communication blending content, reading, writing, listening, speaking and critical thinking in a complete program, and preparing students to understand and use English more effectively. Centered on thematic instruction Focus on Grammar allows students to interact with grammar in realistic contexts and moves them beyond controlled practice to authentic communication. New features include: Updated high-interest readings in multiple genres that expose students to the form, meaning, and use of grammar in natural contexts.
