Tampa yes, but St Petersburg, barely.By KidzNurseIf you want a map of Tampa and its North, South, and East neighbors, this might be for you. But if you are looking for a St. Petersburg map or Pinellas County in general, don't bother with this. The title makes it sound like you will get detailed views of both TMpa and St Pete. But Tampa is one full side. The back side has a few Pinellas cites chopped up with the street index. Also, 3 years may not seem long, but SO MUCH has changed in 3 years! Where are the good, up to date maps for the map lovers of the world? Very disappointed in s lack of up to date maps!1 of 1 people found the following review helpful. Excellent paper map.By lonesome doveI love maps! This is a good map. We used it and the Google maps on the iPhone and never got lost. I need a paper map to get a good overview of where I am and where I am going. I'll never just use a GPS. They are good for a backup and predicting traffic jams. Nothing beats a good paper map though.
