Cyrus Kirkpatrick : Freelance Revolution: How to Make Big Money As a Freelancer in 7 Days or Less (Cyrus Kirkpatrick Lifestyle Design) (Volume 11) before purchasing it in order to gage whether or not it would be worth my time, and all praised Freelance Revolution: How to Make Big Money As a Freelancer in 7 Days or Less (Cyrus Kirkpatrick Lifestyle Design) (Volume 11):

0 of 0 people found the following review helpful. Great Ideas!By Brian YoungThis book really opens up the possibilities on how you can easily supplement your income via alternative sources. Some of the freelance ideas here could even become a full-time income source if you really applied yourself and had a passion for it. I think the most important thing about this book is it really gets you thinking out of the box about how you can make money. Get out of the 9-5 job mentality and start living by your own rules and time table. And like it says in the book, you need to be able to get what you need done, be self-motivated, and be able to market your skills well. But it will definitely be worth it when you start seeing success!0 of 0 people found the following review helpful. Freelance Thumbs Up!By E.P. HuffingtonHeaps of good options and the author seems to be spot on at least the ones that I am familiar with and have personal experience trying. Very easy to read with straight to the point "need to know" information.1 of 2 people found the following review helpful. Excellent!By MartaI agree with Cyrus- this IS a revolution. THE revolution. The book first starts off with some highly motivational content that can help those who are still in doubt whether to take the challenge or not. I know I am on the right track and so I mainly focused on the practical how-to's that Cyrus offers. Straight to the point, well-written and sets you up for massive success. Gonna grab a copy for a good friend of mine who is still in two minds about her freelance buisness as a translator. This book might be all you need and I highly recommend it if you wannna stand up for yourself and design your lifestyle and even the amount of money you wish to make.

Freelance Revolution: How to Make Big Money as a Freelancer in 7 Days or Less There is a whole world of amazing freelance opportunities out there.
