By Fruit Batwoman
Simply put, this is the best French-English/English-French dictionary I've found yet. Even in the more concise editions, there isn't often a word or translation missing. It is sturdy, compact, and easy to use, making it ideal for even the beginning student or traveler (and for the more advanced student, this company also puts out an excellent French language dictionary). Forget any other French/English dictionary--this is the best you'll find. Whoever says that this dictionary is anything less than superb and fit for its purpose ought to be stuck trying to learn Russian from one of those "Living Language" courses--eek!

The revised and updated edition of the Larousse Pocket Dictionary: French-English / English-French is the ideal companion for those who wish to understand and speak everyday French. This latest edition features a brand-new guide to using the dictionary, making this already easy-to-use reference even better. Easy to carry or to tuck into a suitcase, this handy reference includes more than 55,000 entries with 80,000 translations updated vocabulary in all subject areas usage examples showing words in context to ensure accurate translation and give a clear picture of how they are used idioms, abbreviations, and acronyms a helpful pronunciation guide An attractive price and a portable pocket format make this dictionary ideal for students and travelers.
