of French like Michel Thomas explains. He uses mnemonic devices to help you remember words such as explaining where the root of the word originated. He also explains guidelines to go by and you can apply these rules 100% to other sentences. A light bulb went off for me when I understood the concepts. I've never been good at English grammar but have a very clear understanding of French sentence structure and how the verb conjugation works now...and he makes it easy and fun to learn!! You want to listen to more. I wish he had intermediate and advanced courses. I'd buy them in a second. After listening to 2 CDs in French, I immediately ordered the German ones as well. It helps if people have had a course in pronunciation first before buying the CDs. The only drawbacks are that the female student is REALLY annoying...she sounds like she smokes about 5 packs of cigs a day and has lost a huge amount of brain cells because of it....Also, he doesn't get into the past and future tense as much as I would have liked....BUT the program is so good and so worth it, you can overlook this after awhile. Thank you Michel!! You saved me!!!! 11 of 11 people found the following review helpful. A non French native who teaches French better than the Frenchs By Jacques Forget The day we received in the mail the CD "French with Michel Thomas", my wife began listening to the CDs non-stop. In a matter of days, I did notice improvement with her speech and more confidence in expressing herself. No more than 10 days later, I did witness a huge improvement with her French writing. She just could structure the sentences better. Right away, I ordered the "Michel Thomas Advanced French". I wish I had ask for the fast delivery. My wife, a Burmese native, is taking French Classes at the Alliance Francaise in the country we are residing. She has compltd 4 sessions of 10 weeks, with 2 hours classes 3 times a week, not to mention the 2 to 4 hours a day study. Being a French Canadian myself, I have been helping her with her studies from the beginning. The method used by the Alliance is everything but frindly user. I was considering getting a private tutor to help her with her stuies at the Alliance. now we do not think about getting a private tutor. I know what I am about to say might sound corny but Michel is her tutor, at any hours of th eday she wishes to, for a fraction of the price we would have paid. To tell the truth, I was reluctant to purchase the method. The publicity did not convince me at all. I thought it was just another advertisement with promises that would fail to deliver. Nevertheless, as there was only one way to find out, I give it a try. Still at the beginning, when I heard Michel voice, with his mild foreign accent (English or else) on the CD, I was not impressed. I also though the method slightly simplistic. However, the resuts I saw with my wife improvements convinced me. Remarks: it would have be nice to know that the 2 CDs from the "Speak French with Michel Thomas" are the first 2 CDs of the "French with Michel Thomas" DELUXE EDITION. 0 of 0 people found the following review helpful. French Made Easier By ghostwriter I like the approach. The logistics have been cumbersome for me. When I stop in the middle of a lesson and then reinsert or even just restart the CD after an absence, it goes back to the first lesson and I have been unable to override that, except by scrolling all the way through the lessons to get back to where I left off. I can't help but think there must be a solution of which I am not aware. If that were not a problem I would have given it 5 stars.
