**Betty Schrampter Azar, Stacy A. Hagen : Fundamentals of English Grammar, Volume B (4th Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fundamentals of English Grammar, Volume B (4th Edition):

2 of 2 people found the following review helpful. Good book, bad design.By Ricardo De La TorreI've used three books in the series and I feel the same about all of them. The grammar covered and the activities are great. The students actually enjoy the material. It's the design of the book itself that can be offsetting. I found it to be very cluttered. The size of the font and the font itself did not agree with each other. And the color scheme is just not the best. I know it may sound like a petty thing to take a star out for, but I would get dizzy staring at this book day in and day out for my classes, trying to find where I left off.0 of 0 people found the following review helpful. I like this book's explanationBy CustomerI'm using it in my school. I like this book's explanation.0 of 0 people found the following review helpful. Three StarsBy samanthaGood

A classic developmental skills text for lower-intermediate and intermediate English language learners, *Fundamentals of English Grammar* is a comprehensive reference grammar as well as a stimulating and teachable classroom text. (Volume B contains Chapters 8-14.) While keeping the same basic approach and material as in earlier editions, the fourth edition more fully develops communicative and interactive language-learning activities. Some of the new features are: Innovative Warm-Up exercises that precede the grammar charts and introduce points to be taught Structure-based listening exercises ranging from casual speech to more academic content A wide selection of readings that highlight the target grammar structures Greatly expanded speaking practice with extensive pair, group, and class work Writing activities with models for students to follow Corpus-informed syllabus that reflects the discourse patterns of spoken and written English Audio CDs and Listening Script in the back of the Student Book
