Hanson's gay pop art icons are fun! Provocative, wicked, sometimes obscene, Canadian all-around talent Glen Hanson

draws his sexy dream guys in brilliant colours. Different kinds of men hoppers - all very American, play boldly with gay fantasies and stir up unfulfilled longings.

About the AuthorGlen Hanson has already had great success with his comic series "Chelseaboys" and the MTV series "Spy Groove", especially in America. Now hes getting ready to conquer the rest of the world with his art.
