Resumes and more resumesBy gunngirlThis book is chock full of resumes and it's great that that is all there is, not a lot of chatter about them, just one resume after another. Just what you are looking for. That said, it is a nice selection of resumes in lots of different industries (admin, nurse, customer

service, cooks, teachers) a lot of blue collar jobs. Yay! The only problems that annoyed me was that MANY were 2 page resume examples. The book is a bit dated in that respect because I don't think head hunters want to read a lot of 2 page resumes. I know that if everything you have done is relevant to the new job, sure, but most of the time you can scale it back. Some of those I couldn't relate to and couldn't pick, it was irritating. I'd rather have more 1 page resumes. Overall, it's a good book because you can just flip through and find one that you like and write one just like it. I also suggest the Gallery of Best Cover Letters, 4th Ed. Really great for wording help. 0 of 0 people found the following review helpful. This book helped me update my resume. Went to a job fair and one of the recruiters told me this was the must have book to update my resume. 0 of 0 people found the following review helpful. AN OUTSTANDING RESUME BOOK By Ruth R. This is A GREAT RESUME BOOK with over 200 professionally written resumes in it. It is AN EXCELLENT RESOURCE. I am a professional resume writer and use it often as a resource tool. I cannot recommend this whole series of resume and cover books highly enough. This book will help you write VERY EFFECTIVE resumes that open doors for interviews!!
