**Peterson's : Game Plan Get into PrivSch (Game Plan for Getting Into Private School)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Game Plan Get into PrivSch (Game Plan for Getting Into Private School):

0 of 0 people found the following review helpful. Highly recommend this book. It has all the information you need to get into a private school.By Jordan LawrenceVery good book. Covers all the bases and then some. Highly recommend.45 of 52 people found the following review helpful. Game Plan for Getting into Private SchoolBy A CustomerPeterson's starts with a general Planning Calendar beginning in 7th grade. It discusses what Private Schools offer and how to consider which type of school is best for your child. How to start looking for a school and how to help your child prepare for the application process. What to look for in a school and how to narrow down choices. There is a section about Financial Aid and finally the transition into Private School. It does not describe particular

schools.I thought the book covers this subject well and I have read from several different sources.
