It's a required class textbook but was in perfect condition and arrived quicklyBy DTGIt's a required class textbook but was in perfect condition and arrived quickly. The book is interesting and not so academic, that those who are not in college couldn't enjoy it as well.

Covering societies from classical times to the twenty-first century, *Gender in World History* is a fascinating exploration of what happens to established ideas about men, women, and gender roles when different cultural systems come into contact. The book breaks new ground to facilitate a consistent approach to gender in a world history context. Now in its third edition, the book has been thoroughly updated, including: expanded treatment of Africa under Islamic influence expanded discussion of southeast Asia a new chapter on contemporary Latin America representations of individual women engagement with recent work on gender history and theory. With truly global coverage, this book enables students to understand how gender roles have varied across the world and over time, and the vital role of gender in structuring social and political relationships. Providing a succinct, current overview of the history of gender throughout the world, *Gender in World History* remains essential reading for students of world history.

"By continuing to focus on the intersections of gender and contact, the third edition of Peter Stearns *Gender and World History* provides a solid framework for students and teachers alike to understand the complexities of gender in the longue dure of world history. At the same time, it offers concrete examples of how lived experiences of men and women affect social, political and cultural relations of power the world over. This edition provides an engaging new chapter on Latin America and benefits greatly from a slightly adjusted organization and key enhancements to a number of the chapters. Stearns text remains a thorough and eminently accessible resource for students engaged with the themes of gender and world history." Elizabeth Manley, Xavier University of Louisiana
