From Nash Jennifer C : Gender: Love (Macmillan Interdisciplinary Handbooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gender: Love (Macmillan Interdisciplinary Handbooks):

The Macmillan Interdisciplinary Handbooks: Gender series serves undergraduate college students who have had little or no exposure to Gender Studies, as well as the curious lay reader. Following the Primer, which introduces the field of study, as well as the topics of the remaining 9 volumes plus a selection of subjects that will not receive full volume treatment (e.g., new media, music, disability), each handbook ushers the reader into a subfield of Gender Studies (see the list of titles, below) and explores twenty to thirty topics in that subfield. Every chapter in each volume, all newly commissioned studies prepared by academic experts, offers an annotated bibliography/research guide to encourage

students to explore the topics further, using vehicles such as film or the arts to facilitate understanding of issues at the heart of the discipline, for example, fashion, health, masculinities. Each chapter ends with a summary of the concepts discussed. Each volume is edited by an academic subject specialist.
