1 of 1 people found the following review helpful. Very satisfiedBy Julian Lee-FoonThis has fit my needs on patrol thus far. It's your typical pocket law book however the charges have case law with them so you get a full understanding of what you're looking at. It was easy to navigate especially if you already have a general idea of where a charge is located in O.C.G.A.2 of 4 people found the following review helpful. Didn't find it very usefulBy KatieI thought this would have more shortcuts available but it was limited to some traffic shortcuts. This is merely an abbreviated GA code book. I was looking for a shortcut in the back of the guide like "theft" or "shoplifting" and then the code section and page number to find it. If you are looking for the same setup, keep looking.

This pocket reference field guide features a listing of criminal offenses in Georgia, grouped by Chapter/Article, with a summary of the elements of each offense. Coverage includes Title 16-Crimes and Offenses, Title 20- Education, Title 40- Motor Vehicle Traffic Law, an Appendix, and Statute of Limitations.
