Rose-Carol Washton Long : German Expressionism: Documents from the End of the Wilhelmine Empire to the Rise of National Socialism (Documents of Twentieth-Century Art) before purchasing it in order to gage whether or not it would be worth my time, and all praised German Expressionism: Documents from the End of the Wilhelmine

Empire to the Rise of National Socialism (Documents of Twentieth-Century Art):

0 of 0 people found the following review helpful. Interesting readBy MaryVery cool book. It's interesting to read what the actual artists from the time period had to say about their work and events going on.0 of 0 people found the following review helpful. a good look at German artBy Brandithis book covers a wide variety of art movements in Germany during the 20th century. It includes journal and diary entries from major artists and art critics.My copy was in great condition and arrived on time for my class.2 of 11 people found the following review helpful. German Expressionism-documents-End of Wilhelmine Empire to Rise to socialism.By artist- Joe MonroeI'm sorry, but as an artist, I want to see more examples of the pictures, of the art, and there are a very great book that become bibles for some artists(I have a few, as I say...that are what artists makes a brush stroke and.... if they do it right.I love all the great artists and there are many, and i think we broke ourselves down into ism's. and we still do it today and still remembered by day.I love the manifestos, I love the deep talk about the German Expressionism's.I also enjoyed the crossing of groups. Maybe , if we grouped artists, by isms, this would be easier to keep track, anticipate trends and groups., designers, artists. Wise words in such a screwed up world.these german artists . The Rise of Socialism.it is a good read. Joe

German Expressionism, one of the most significant movements of early European modernism, was an enormously powerful element in Germany's cultural life from the end of the Wilhelmine Empire to the Third Reich. While the movement embraced such diverse artists as E. L. Kirchner, Wassily Kandinsky, Kthe Kollwitz, and George Grosz, all the participants shared an almost messianic belief in the power of art to change society. Rose-Carol Washton Long has drawn together over eighty documents crucial to the understanding of German Expressionism, many of them translated for the first time into English.

Language NotesText: English (translation) Original Language: GermanFrom the Inside Flap"An indispensable anthology that immediately renders its predecessors obsolete. With its gathering of public and private documents, it carries us through the rise and fall of one of the great upheavals of modern art."Robert Rosenblum, New York University"These essays, including many previously unavailable in English, are rich with startling new insights into the German Expressionist psyche. Elucidating the artists' view of government, the role of women in modern society, and their own ambivalence about the effectiveness of abstract art, this anthology is essential reading for all scholars and students of twentieth-century art."Joan Marter, author of Alexander Calder
