Very useful information. I recommend that everyone read this book before interviewing.0 of 0 people found the following review helpful. Very Helpful!By D. BirgeThis is an easy to read but very helpful book and interviewing strategies and tactics, both as an employer and prospective employee. This is something that I will be revisiting from time to time in the future.

For professional job candidates, this updated version of Get Hired! will be a valuable tool for interview preparation. This is the authoritative book on how to Ace The Interview by sharing past successes that predict future performance. It begins with taking advantage of job trends and then moves into developing a competency profile, preparing honest examples to share in the interview, and building rapport with the interviewer. Special attention is given to dealing with killer questions and preparing to visit the shrink during high level assessment.
