In this followup to her hugely popular *Getting Old Aint for Wimps*, speaker and author Karen OConnor provides stories to hone the humor and wisdom of the postfifty crowd (and anyone heading that way). With tales about the blessings of approaching and leaping beyond middle age, OConnor helps the baby boomers discover vital lessons: beauty begins with a good heart shaking things up is not just for the young lost and found can be a way of life after 50 This charming collection of anecdotes and assurances is for those who still have a working funny bone and for anyone who needs to know what the future holds a whole lot of hope and joy.
