John von Aspen : Getting started in SAP: How to transform your career and become a highly paid SAP expert
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Getting started in SAP:
How to transform your career and become a highly paid SAP expert:

3 of 3 people found the following review helpful. Chock full of info and helpful ideas By Alicia G. This was very

helpful for me. I've had 4 different temp jobs where I used various SAP modules. I've already put into place some of his suggestions/advice. NOTE: His website he mentioned is no longer valid. 1 of 1 people found the following review helpful. very concise and serves the goal really well By Avid Reader Very demystifying for anyone planning to enter the world of SAP careers. Provides lots of guidance, tips and helpful advise on choosing an SAP module, preparing resumes, attending interviews, in the job behavior and dos and donts in all of the above. Also lots of helpful resources for learning and looking for SAP jobs. 1 of 1 people found the following review helpful. Two Stars By BP Daisy Not what I expected. This is a guide to update your resume and sell your SAP knowledge.

This book shares practical advice about how to get started in a lucrative career working with SAP software. You'll learn what SAP is, what kinds of jobs there are in the SAP world, and how you can land one. You'll discover what hiring managers are looking for on resumes and during interviews, and about SAP projects and roles. You'll learn how to make and execute a plan that can help you get a job working with SAP software, even if you have no SAP experience. You'll determine how to evaluate the marketplace and your background in order to craft a specialization strategy. You'll also discover what to do and what not to do in order to succeed after you've landed that first SAP job. This book lays out the big picture of the SAP ecosystem and where you can play in it, as well as offering a step-by-step road map for success in your career search. Finally, this book provides a critical appendix with links to an extensive list of SAP customers, consulting companies, and other potential employers to target in your job search. If you're already working with SAP, this book will be a handy reference to help you further your SAP career and navigate the many career options available to you. This book is an indispensable tool for launching a successful career in the exciting and profitable world of SAP!
