Steve Patty Ph.D : Getting to What Matters: How to Design and Develop Evaluation before purchasing it in order to gage whether or not it would be worth my time, and all praised Getting to What Matters: How to Design and Develop Evaluation:

0 of 0 people found the following review helpful. Three StarsBy Dennis G. BerryWhile the ideas presented were certainly looking past traditional evaluation methods, I found them impractical for large-scale organizational evaluations.0 of 0 people found the following review helpful. Five StarsBy Kate McGoughExcellent0 of 1 people

found the following review helpful. Five StarsBy joe erpenbeckGreat interesting report

Anyone tasked with the responsibility for making a difference in the lives of others needs a way to evaluate impact. This book provides simple and elegant models and methods for designing evaluation. It presents proven techniques for gathering data, analyzing data, rendering findings, and leading people and organizations through evaluation. This step-by-step guide will help leaders design and develop an effective evaluation strategy
