It's formatted in a way that makes the articles easier to read, and the articles are very focused on some of the issues that are still relevant today. This provides a great background on India, South Asia, and the nations around it that really play or have played a role in its governance.

Global Studies is a unique series designed to provide comprehensive background information and selected world press articles on the regions and countries of the world. Each Global Studies volume includes an annotated listing of World Wide Web sites and is now supported by an online Instructor's Resource Guide.
