The image shows the cover of the book 'GMAT Foundations of Math' by Manhattan Prep. The cover is primarily black with a white and red color scheme. At the top, there is a navigation bar with 'Copyrighted Material STRATEGY GUIDE SUPPLEMENT' and three tabs: 'FoV', 'FoM' (highlighted), and 'AQ'. The Manhattan Prep logo is prominently displayed in the upper left. The title 'GMAT Foundations of Math' is written in large, bold, black letters, with 'GMAT' in a red box. Below the title, it says '900+ Practice Problems in Book and Online'. At the bottom, there are three icons with corresponding text: a lightbulb for 'LEARN FLEXIBLE STRATEGIES', a globe for 'GET INSIGHTS FROM WORLD-CLASS INSTRUCTORS', and a bar chart for 'MEASURE PROGRESS ONLINE'. A small disclaimer at the very bottom states: 'GMAT and GMAC are registered trademarks of the Graduate Management Admission Council, which neither sponsors nor endorses this product.'

Manhattan Prep : GMAT Foundations of Math: 900+ Practice Problems in Book and Online (Manhattan Prep GMAT Strategy Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised GMAT Foundations of Math: 900+ Practice Problems in Book and Online (Manhattan Prep GMAT Strategy Guides):

2 of 2 people found the following review helpful. Lays out the groundwork for GMAT Math By Ivy JoshI got this as part of my preparation for GMAT. After buying a GMAT study guide from another provider I realized I can't even do long division, manual subtraction, prime factorization. So if you are like me and need to start off with something very basic then start here. That being said, it is not just your basic 4th/5th grade math workbook. Every chapter starts off

with the basics, then moves on to how that concept will be used in GMAT and builds up from there. If you are weak in Math (or very very calculator dependent) then start here then move on to GMAT study guides like Kaplan or official GMAT guide. I now force myself to do long division in my head or figure out how much a dress will cost me if its 40% off without the help of a calculator. 0 of 0 people found the following review helpful. Highly Recommended By Helms I found this book to be an above average resource. Manhattan prep provides good insight and the practice questions are very similar to the real test. Highly Recommended. 0 of 0 people found the following review helpful. Five Stars By VP Good revision material here.

Developed for test-takers who need a refresher, GMAT Foundations of Math provides a user-friendly review of basic math concepts crucial for GMAT success. Designed to be user-friendly for all students, GMAT Foundations of Math provides:

- * Easy-to-follow explanations of fundamental math concepts
- * Step-by-step application of concepts to example problems
- * 700+ practice problems and 10 chapters
- * Purchase of this book includes one year of online access to the Foundations of Math Homework Banks with 400+ extra practice questions and detailed explanations not included in the book.

GMAT Foundations of Math is an invaluable resource for any student who wants to cement their understanding and build their basic math skills for the GMAT.

About the Author In 2000, Teach for America alumnus and Yale graduate Zeke Vanderhoek had a radical idea: students learn better from better teachers. His vision of what test prep could be if written and taught by great educators led him to start Manhattan Prep. Since we began, Manhattan Prep has grown from a boutique tutoring company to one of the worlds leading test prep providers, offering GMAT, GRE, LSAT, ACT, and SAT courses and tutoring worldwide. We believe test prep should be real education. From our instructors to our materials, we work to teach you the skills you'll need to succeed on the test, in school, and beyond.
