Stephanie Marohn : Goddess Shift: Women Leading for a Change before purchasing it in order to gage whether or not it would be worth my time, and all praised Goddess Shift: Women Leading for a Change:

0 of 0 people found the following review helpful. Five StarsBy Customervery inspiring, uplifting - taking the Goddess Energy to a whole new and very practical level. Thank you.0 of 0 people found the following review helpful. It's a good book to take from it what one needsBy caifin jA smorgasbord of true stories and experiences, some interesting, others not so much. It's a good book to take from it what one needs.3 of 3 people found the following review helpful. Celebrating WomenBy LAURI CRUMLEY COATESGoddess Shift: Women Leading for a ChangeEditor: Stephanie

MarohnPublisher: Elite BooksISBN: 978-1-60070-067-5Women born in the new millennium will have education, career and lifestyle options many of us could never have imagined, let alone have available to us. Tracing the feminist movement of the 70s, the changes throughout the 1980s and 90s lead us to a reawakening of the nurturing power that women can have. Long before the image of God assumed the paternalistic attitude that is taught in most religions now, centuries of humans viewed the divine being or beings in a more nurturing, maternal manner, that of Goddess. A stunning anthology of nonfiction articles, meditations, essays and reflections by many of the most recognizable and influential women of our time are brought together in this volume; Michelle Obama, Suze Orman, Oprah Winfrey, Maya Angelo and dozens more, women who are leaders in every facet of life and diverse fields of endeavor share with all women in the hopes of empowering us to reach our own individual heights of success and fulfillment. This is an anthology to treasure, to share with all the women you know and love, and to refer to again and again for encouragement, motivation and growth. A thoughtful and wonderful book to pass on to our girl children and grandchildren, this reader/reviewer will keep her copy and refer to it regularly.

For millennia, woman have been without a strong leadership voice in human affairs. No more! Women are now in positions of power in every branch of government, business, and social organization. They are providing a new style of collaborative and visionary leadership, which is changing the way society functions. Goddess Shift: Women Leading for a Change is an anthology that celebrates these values. It includes chapters by women leaders in diverse fields of human endeavor. These range from entertainment (Oprah Winfrey), business finance (Suze Orman), government (First Lady, Michelle Obama), sports (Venus and Serena Williams), social change and philanthropy (Angelina Jolie), and literature (Sue Monk Kidd). In over forty inspiring chapters, Goddess Shift describes the shape of the new human family that is emerging from the leadership of these remarkable women, and the very different future they envision for the world we share.
