Peterson's : Graduate Programs in Engineering Applied Sciences 2017 (Peterson's Graduate Programs in Engineering Applied Sciences) before purchasing it in order to gage whether or not it would be worth my time, and all praised Graduate Programs in Engineering Applied Sciences 2017 (Peterson's Graduate Programs in Engineering Applied Sciences):

Peterson's Graduate Programs in Engineering Applied Sciences 2017 contains comprehensive profiles of nearly 3,800

graduate programs in all relevant disciplines-including aerospace/aeronautical engineering, agricultural engineering, bioengineering, chemical engineering, civil and environmental engineering, computer science and information technology, electrical and computer engineering, industrial engineering, telecommunications, and more. Informative data profiles for these graduate programs at nearly 800 institutions are included, featuring facts and figures on accreditation, degree requirements, application deadlines, contact information, financial support, faculty, and student body profiles. Two-page in-depth descriptions, written by featured institutions, offer complete details on a specific graduate program, school, or department as well as information on faculty research. Comprehensive directories list programs in this volume, as well as others in the Peterson's graduate series.
