Collectif : Grammaire Progressive du Francais - Nouvelle Edition (French Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Grammaire Progressive du Francais - Nouvelle Edition (French Edition):

0 of 0 people found the following review helpful. Great source By Julia Westin, Scientist Well organized, easy to do follow, relevant helpful Would be good to have a link to an audio part instead of the CD (or in addition to CD) as this technology seem to be outdated 0 of 0 people found the following review helpful. Grammar equal to 4th year H.S. with some more advanced By NY shopper The book is what I expected it to be, grammatical explanations and exercises. If

answers in the back were included it would make self study much easier. 7 of 7 people found the following review helpful. Disappointing By Janet E. Having purchased both the Intermediate and the Advanced versions of this series, I find myself regretting the money I laid out for the Advanced level. Some of the material is at an advanced level but there is much recapitulation of the obvious. Also, the accompanying "Corrigs" needed to be doublechecked for accuracy. As it is, answers appear in unnumbered lists, and when one answer is omitted, confusion results.
