**LearningExpress Editors : Great Resume!: Stand Out from the Crowd (You're Hired! (Learning Express))**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Great Resume!: Stand Out from the Crowd (You're Hired! (Learning Express)):

1 of 1 people found the following review helpful. The best resume book I've used!By PeggyAs a recent college graduate writing my first real resume, I found this book tremendously helpful. It takes you through the whole process

step-by-step and covers everything from writing your resume and cover letter, to having a successful interview, to writing thank you notes. It even includes a chapter on the electronic/e-mail and scannable/keyword resumes (both of which are totally necessary in today's high-tech job market). There are also some great lists of "power words" and keywords that make employers really take notice of you. Plus, the resources section in the back of the book gave me some good ideas of where to begin my job search. Overall, this is the best and most complete resume writing tool a recent college grad could have. 2 of 2 people found the following review helpful. Key Career Resource By A Customer I needed to create a key word and scannable resume--fast. Though I'm not a recent college grad, I found the easy-to-follow advice on creating scannable electronic resumes to be worth the price of the book, and then some!

The perfect resume for entry-level careerists who are long on talent and short on work experience.

About the Author Jason R. Rich, ([www.jasonrich.com](http://www.jasonrich.com)) Foxboro, MA is the bestselling author of numerous books and hundreds of feature articles about Apple products, including the iPhone, iPad, MacBooks and iMacs. He's an experienced journalist and technical writer who takes complex and often confusing material and makes it easy to understand by everyday consumers. Some of his recently published books include: How To Do Everything MacBook Air (McGraw-Hill), How To Do Everything iCloud (McGraw-Hill), How To Do Everything Kindle Fire (McGraw-Hill). Jason R. Rich is also an accomplished photographer. You can follow him on Twitter @JasonRich7. Rich has recently been a featured guest for Norwegian Cruise Lines on a series of 7-day cruises where he taught photography classes on board to cruise passengers. Rich also currently writes about travel, entertainment, career-related issues, personal finance, pets, credit repair, electronic entertainment (video and computer games), blogging, franchising, and the Internet (eCommerce) - along with a wide range of other topics. LearningExpress writers are experts in test preparation questions. They are math professionals from throughout the United States.
