Timothy Rasinski; Nancy Padak; Rick M. Newton; Evangeline Newton : Greek and Latin Roots - Keys to Building Vocabulary before purchasing it in order to gage whether or not it would be worth my time, and all praised Greek and Latin Roots - Keys to Building Vocabulary:

1 of 1 people found the following review helpful. but in general a useful By Rosemary Carlson Wordy, not as many simple ideas as I had hoped, but in general a useful tool 0 of 0 people found the following review helpful. Four Stars By Hagsgirl needed it for a class I was taking 0 of 0 people found the following review helpful. Its good ideas, but I dont like the way of ... By Le Nhu Its good ideas, but I dont like the way of writing in this book, too long content for simple things, should write shorter but show the rules, this book made it complicated and charge too much time to read it.

Suitable for K-12 teachers, this book provides the latest research on strategies, ideas, and resources for teaching Greek and Latin roots including prefixes, suffixes, and bases to help instruct learners in vocabulary development, improve their comprehension, and ultimately help learners to read more effectively. Written by leading authors and literacy experts, Greek and Latin Roots enhances instruction with an in-depth understanding of how to incorporate word roots into vocabulary lessons in all content areas. Strategies are presented to help teachers empower students with techniques for using roots to unlock word meaning while expanding their vocabularies and developing a genuine appreciation for words. Ideas on how to plan and adapt vocabulary instruction for English language learners are included to help achieve successful results in diverse classrooms. This resource is aligned to the interdisciplinary themes from the Partnership for 21st Century Skills and supports the Common Core State Standards. 208pp.

'What a pleasure to see this wonderful book in publication. It addresses a real need teachers have: how to make sure these important ideas about vocabulary instruction can be put into action. Greek and Latin Roots: Keys to Building Vocabulary is also research based, which is a real necessity for everything we do in the classroom. And, it's just a delight to read! The humor (from the chapter titles like 'A Root Awakening'), games, and other motivating strategies will captivate both teachers and students alike. Bravi! (from Italian) to the authors for this fine classroom tool.' -- Camille Blachowicz, PH.D., Coauthor of Teaching Vocabulary in All Classrooms
About the Author Timothy Rasinski, Ph.D., Kent State University, is the author of numerous books and articles on reading education. He is a frequent presenter nationwide. His research on fluency was cited by the National Reading Panel.
