**Barb Zimmerman : Growing Into a Young Lady** before purchasing it in order to gage whether or not it would be worth my time, and all praised Growing Into a Young Lady:

Growing Into A Young Lady Adolescence is tough on all girls. Hair where there was no hair before, growing breasts and then it's time to start wearing a bra! (Getting your period is in Erin's Period Book) This book shows girls in simple language what to expect and how to take care of their changing bodies. Using a few sentences per page this book is perfect for young ladies with developmental delays.
