I liked him immediately and he always came into my office with a smile and sometimes a hug. I quit working but my sister met him while she was a student there and they remain very close friends. I read his first book and was very impressed with Doug's talent as a story teller. I read this

book in 6 hours. Knowing the whole story before hand (knowing everyone in his crew was safe) made it harder for me to not put it down....The whole book was amazing! I am very grateful he made it out without a scratch and was able to share what he went through. Love the book.....Love Doug! Hey, next time how about a book about a cute dog or kitty!!!0 of 0 people found the following review helpful. Excellent memory and tale of horrendous ordealBy CarolineSo difficult to write an embodied account of trauma. Doug's story does much to develop third hand insight into the unimaginable.0 of 0 people found the following review helpful. Five StarsBy fligurlVery compelling and riveting, I couldn't put it down until I finished reading the entire book!

Gunfire and Silence, Surviving Indias 9/11 tells the true story of Douglas O'Keeffe, an airline flight attendant on a routine layover caught up in the harrowing chaos of the November 26 and 27, 2008 terrorist attack in Mumbai, India. This is an airline layover! I cant believe this is happening! I thought as I huddled on the floor in the dark. Footsteps echoed outside the room. Were discovered! I realized and looked to my right at Colleen beside me. Im glad shes behind me, I thought, When they shoot, my body might save her. Then, arms over my head, I prepared to die.
