**Trudi Strain Trueit : Halloween (Benchmark Rebus: Holiday Fun)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Halloween (Benchmark Rebus: Holiday Fun):

0 of 1 people found the following review helpful. Falsely advertised By CoolStuff8374 Be very careful purchasing this book! I received the HARD cover book that has a little girl in a witch costume and green face on the cover, but highlight the preview book is of the SOFT cover book that is apparently very different. I expected the two books to have the same content and they apparently don't. The SOFT cover preview book appears to have a fair amount of text about Halloween and has a table of contents; whereas, the HARD cover book that I received is for young toddlers with only one sentence per page. Very disappointed - this was falsely advertised. This book is of minimal use for my older toddler and not what I thought I was ordering.
