Kurt W. Treptow, Marcel Popa : Historical Dictionary of Romania before purchasing it in order to gage whether or not it would be worth my time, and all praised Historical Dictionary of Romania:

0 of 0 people found the following review helpful. Very usefulBy NeannalinaIf you are studying Romania, in any way, this book is very useful. But, there could have been more information easily put in this book to specify "Historical

Dictionary of Romania" much better. It would be great if this book was updated. This book also has many things taken from it and used in Treptow's Vlad III Dracula. I am just stating this, if you are intending on buying more of Treptow's book's.

After the violent upheaval and bloodshed that accompanied the collapse of one of the most brutal Communist regimes in Eastern Europe, Romania has made important progress in the development of a democratic political system and in the building of a market economy. Written by an American specialist and a Romanian scholar, the Historical Dictionary of Romania is an essential, up-to-date reference work on this country. Its concise dictionary entries detail the important people, places, events, and institutions in the new Romania as well as its previous regimes. It also provides significant detail about Romania's economy, society, political situation, language, and culture. A comprehensive bibliography, divided by subject, allows scholars access to additional sources of information. The introduction gives a brief overview of the country's geography, history, population, and history. This handy reference work also includes two maps, a chronology, and a list of rulers of Romania.

...much more than a collection of entries on important figures, places, events, and institutions...indispensable source for any academic library...highly recommended for all undergraduate and graduate libraries." (Choice)...a valuable aid... (Canadian Slavonic Papers)The bibliograph[y] that conclude[s this volume is a] valuable contribution, particularly since [it includes] recent works and articles that would be difficult to track down in other sources. ...Students, teachers, and specialists are likely to find [this compilation] useful. (H-Net s)The bibliograph[y] that conclude[s this volume is a] valuable contribution, particularly since [it includes] recent works and articles that would be difficult to track down in other sources. ...Students, teachers, and specialists are likely to find [this compilation] useful. (H-Net s)About the AuthorKurt W. Treptow, Ph.D., is currently Visiting Professor at the University of Iasi and Director of the Center for Romanian Studies of the Romanian Cultural Foundation. He is the editor of Classics of Romanian Literature and Romanian Civilization and the author of several books on the history of Eastern Europe.Marcel Popa is Director of the Encyclopedic Publishing House in Bucharest and has collaborated on the preparation of encyclopedias and dictionaries on a wide range of subjects.
