Charles Pascalar : Holidays for Kids before purchasing it in order to gage whether or not it would be worth my time, and all praised Holidays for Kids:

0 of 0 people found the following review helpful. Be a kid again!By Liza BringsThis book really opens the imagination for new parents, or parents just looking for fun ways to engage their child. It's especially powerful for dads, because it shows how dads can open up whole new worlds of experience for their kids in creative, interesting ways. Parents these days get so entrenched in the routines of school, feeding bathing, sports, and/or day care, they sometimes forget how having a kid is a chance for you to be a kid again - and it's a great lesson for the children.

Seeing your parents have real fun with you is a lifelong esteem booster! It is also a great source of unusual ideas for kids birthday activities. Here's an idea - rename it "Holidays for Parents" and give it to your kid! Great book!0 of 0 people found the following review helpful. Tons of fun !By Michelle. SExcellent and quick read book with wonderful ideas for holidays with kids!1 of 1 people found the following review helpful. Charming and fun!By MomOfTwinsI was excited to find "Holidays for Kids" by Charles Pascalar, and even more excited once I read it! I was happily surprised to dig into this cute little book and find that it's not the same old Major Holiday craft projects and games suggested in most books about activities for/with kids."Holidays for Kids" gives ideas for a celebrating lot of seemingly minor (or made-up!) 'holidays' to give you another opportunity bond with your kids. What's not to love about Slurpee Day??I highly recommend this book if you're looking for fun, creative and unusual activities. Perfect for home-schoolers, too!

Be the coolest parent in the neighborhood, maybe in the world. It's all in this book and so easy. Every child and adult looks forward to enjoying the next big holiday season with their friends and family. What if you could celebrate several of those holi
