Discover why the National Homeless Caucus calls Homeless No More, the best example of a homeless recovery program Ive ever seen! Bob Sweeney designed a program for Dallas LIFE, the largest shelter in North Texas, where permanent recovery from homelessness is ten times the national average! In his book Sweeney reveals the 5 triggers that lead to homelessness, why placing people in homes never solves homelessness, and what we can do as a nation to fix this problem. With families with children being the fastest growing homeless demographic, the need is greater than ever for the nation to act now!
