Paul Boden : House Keys Not Handcuffs before purchasing it in order to gage whether or not it would be worth my time, and all praised House Keys Not Handcuffs:

House Keys Not Handcuffs is a reflection on over 30 years of homeless organizing in San Francisco. It is an attempt to sort out what went well and what went not-so-well as a community began to organize in order to hold public and private institutions accountable. Its purpose is not only to distill the lessons we have learned, but to encourage others to document and reflect on their own experiences in the hope that we can collectively contribute to a stronger, more broadly-based movement.
