MontivilleI'm in the middle of my job search campaign and Kock'em Dead has been a helpful review in some cases, as well as new and insightful. The author is humorous but informative. It presents real possible situations that may have left you wondering what to say or "not" say in an interview process in the past, but hopefully after the reader reads Knock'em Dead, some anxiety may be lifted, for we all need all the help we can, getting through an interview process. Every professional should keep a copy of Knock'em Dead for future reference.0 of 0 people found the following review helpful. Purchase of book called Knock Em DeadBy Wanda L.
