Just what the Dr. orderedBy phillip a leviThis was purchased as a gift for a nephew who is a tech at a local hospital. He had been an EMT before that. He was thrilled with this pocket guide.

Quick, Accurate Diagnosis from Lab Results in the Palm of Your Hand! Healthcare professionals will value the Lab Reference Pocket Guide a convenient, easy-to-use pocket guide to laboratory testing. Featuring several hundred lab tests, each test has a brief description, norms for adults and children, and panic values. The primary purpose of the guide is to quickly identify what disease or drug has caused the test to be high or low, and then to determine a working diagnosis for the client. An alphabetized list of drugs allows providers to easily determine what lab tests to review. This is the definitive, evidence-based guide to lab testing!!
