With Ireland's damp weather having a laminated map is the key to having a readable map by the end of your trip. Perfect in so many ways

Great map, easy to read, and has everything you need to walk around Dublin. Print is easy enough to read without a magnifying glass. It also has the more popular hotels marked. I'm very happy with this map and have bought their maps for other cities.

It is a nice map, just wish it had bigger print. Used it in Dublin. A good map, better than those given free by their board of tourism.

Laminated folded street map of central Dublin, in color. Shows places to stay, points of interest. Inset maps of Temple Bar Grafton St. (1:10,000), Phoenix Park (1:25,000), Dublin and environs (1:125,000), East Coast (1:700,000). Legend in 5 languages, including English. Climate charts show the average daily temperatures, humidity, hours of sunshine and precipitation for each month. Scale 1:12,000
