**Carl Chiarenza : Landscapes of the Mind** before purchasing it in order to gage whether or not it would be worth my time, and all praised Landscapes of the Mind:

1 of 2 people found the following review helpful. The groundwork by Weston and Stieglitz and Strand and White and Adams and all the other greats was laid solely that one day it mBy David KachelYou all have GOT TO BE KIDDING ME!!!Not a single review??!!! NOT ONE??!!!OK, allow me to be the first. I bought this book years ago. I don't even remember when and how, but it was no later than the 90's because I used to take it with me to all my workshops as a teaching aid.This work is pure genius in distilled form.The groundwork by Weston and Stieglitz and Strand and White and Adams and all the other greats was laid solely that one day it might all culminate in work like that of Chiarenza. And the bat-blind public doesn't see it. Astonishing!!!If you love BW fine art photography, buy this book. If you desire to be a BW fine art photographer, know that you will never do your best work until you first understand THIS work.

First edition, first printing. Hardcover. Black cloth-covered boards with title blind-stamped on cover and stamped in silver on spine, with photographically illustrated dust jacket. Photographs and Preface by Carl Chiarenza. Introduction by Estelle Jussim. Afterword by Charles W. Millard.
