Langenscheidt Standard Dictionary German: German - English / English - German. 130,000 references:

0 of 0 people found the following review helpful. the book is tiny and the number of words is small - maybe good for undemanding travel
By JeffS
the physical size is TINY!. The cover image is misleading: i thought the book size was regular, and, therefore, i also was expecting the number of dictionary entries to commensurate. Unfortunately, the book is tiny and the number of words is small - maybe good for undemanding travel.
3 of 3 people found the following review helpful. the entries are easy to read
By Clementine
Overall this dictionary seems very nice-- the cover appears durable, the entries are easy to read, and the size is portable. However, as others have mentioned, there is a problem with the binding. In my case, pages 601 through 660 are duplicated and have taken the place of pages 877 through 936. I will be returning this dictionary and seeking a replacement.
0 of 0 people found the following review helpful. Best German dictionary I have found
By padeutschmann
Best German dictionary I have found....has more and more diverse words than any of the others. I was very frustrated unable to translate some words using the other dictionaries, but with with one, I have no problem whatsoever.

The authoritative reference work for serious users
The Langenscheidt Standard Dictionary German is a comprehensive reference work containing vocabulary which reflects general present-day usage as well as up-to-date terminology from such important fields as information technology, politics and society, culture, medicine and sport. Detailed grammatical information as well as fields, semantic and register labels enable the user to understand and employ the headwords more accurately and to distinguish between the translations in a reliable way.
About 130,000 references in Langenscheidt quality
