Even being a "NewYorRican" and having grown up among other Puerto Ricans in the South Bronx, there are many words and phrases I had never heard before. Informative...and some funny, too! Well worth the reading!7 of 15 people found the following review helpful. WOW...I was blown away (mamada!)By A CustomerThis book was incredible. I have never been able to communicate so well with my Puerto Rican friends in such a way. The things I can say to the Hoochies is unbelievable. Yoweeee!

Divided into two sections - Spanish into English and then English into Spanish and this is not your high school Spanish text book - for instance bull dyke is marimacho or pubic hair is pendejo. Perhaps you might want to learn the word for hickey - chupon. There are lots of very handy words in this book. (Thirteen words for something you might be able to smoke.)
