Larousse : Larousse Pocket Student Dictionary: Spanish-English / English-Spanish (Spanish and English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Larousse Pocket Student Dictionary: Spanish-English / English-Spanish (Spanish and English Edition):

15 of 15 people found the following review helpful. lack of words frustrate my student
By L. Hoffman
My kids are in a Spanish immersion program at school. English is their first language but they learn in Spanish most of the day, and most of their homework is in Spanish. My 2nd grader was having a hard time with the meanings of some words in her homework, so I got her this dictionary to allow her to be more independent. Almost every word she has tried to look up hasn't been there. To be fair, she loves the format and the pictures in the center of the book. But she needs something more comprehensive. I'm back on to purchase another Spanish/English dictionary for her, and it will probably be another Larousse, but the Student Edition is just too limited for my *2nd* grader!

Grandkids thought it was very helpfull

Perfect for students in middle school and up. This easy -to-use reference should have a place in every student's desk or backpack. The vocabulary has been adapted specifically to the needs of the beginning language learner, and thousands of examples show words used in context.

About the Author
The Larousse editorial team includes many language and reference experts based in countries around the world. In this way the linguistic team keeps its finger on the pulse of living languages as spoken by the native-language speakers of these countries.
