From Brand: Larousse Bilingual/French : Larousse Student Dictionary Spanish-English / English-Spanish (Larousse Bilingual Dictionaries) (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Larousse Student Dictionary Spanish-English / English-Spanish (Larousse Bilingual Dictionaries) (Spanish Edition):

1 of 1 people found the following review helpful. Great use of color and layout...By B. Surkan This is the best beginner to intermediate Spanish/English dictionary I have seen to date. This book helped me to realize that even in the well-established world of dictionaries, there is ample room for innovation. It contains a mini visual dictionary in the center, between the Spanish-English and English-Spanish sections and provides some basic tips on grammar in both languages, tastefully writing the instructions for Spanish Grammar in English and those for English Grammar in Spanish. The actual translation sections employ multiple colors, with keywords in yellow, and tactful layout to make it not only easy to navigate, but pleasurable to use. The reasonably small size and stiff turtleback cover make this dictionary just a little too large to fit in a pocket, but still readily portable. More advanced students of Spanish may also want to add a pure Spanish-only dictionary to their war chest. I suggest that they start with *Diccionario Practico del Estudiante*, which includes a broader explanation of grammar and more detailed verb conjugations than the Larousse, in addition to being a quality dictionary: *Diccionario Practico del Estudiante/ Student Dictionary*

0 of 0 people found the following review helpful. Five Stars By Hoyt Gamble Jr. What I expected. 1 of 1 people found the following review helpful. Good for Middle School Spanish, not High School By spanishteacher321 I love using this dictionary with my middle schoolers because it has absolutely no curse words in it. I don't have to monitor their use of it or explain to parents why curse words are in there. AND the translations are color-coded and in bold for those kids who just can't figure out which word they need. The kids love the colorful pages in the middle that have everything they need on particular themes - animals, fruits, etc. However, I would NOT recommend this dictionary for high schoolers because it's missing a lot of key words. UMBRELLA, for example, isn't in there!

Easier to use than a full adult dictionary but much more detailed than a typical children's reference, this book is a perfect fit for middle school students learning Spanish. The clean, readable layout and eye-catching two-color design will appeal to students and teachers alike. With more than 22,000 words and phrases and 45,000 translations, the dictionary contains up-to-date vocabulary in both Latin American Spanish and American English, focusing on topics most relevant to students, such as school life, sports, and leisure. Entries and translations are easy for students to understand, with each sense of a word listed on a new line and no abbreviations: all labels, such as part of speech and noun gender, are written in full. The School Dictionary is packed with other helpful features, including 500 thematically grouped illustrations, covering topics such as colors, the human body, and telling time usage examples showing the headword in context and extensive usage notes a 32-page supplement on Spanish and English grammar. A full-featured reference in a format accessible and appealing to students, the Larousse School Dictionary is the ideal companion to any introductory Spanish course.

About the Author The Larousse editorial team includes many language and reference experts based in countries around the world. In this way the linguistic team keeps its finger on the pulse of living languages as spoken by the native language speakers of these countries.
