Bernard LeGette : LeGette's Calorie Encyclopedia before purchasing it in order to gauge whether or not it would be worth my time, and all praised LeGette's Calorie Encyclopedia:

Eliminating the guesswork in calorie counting, this quick and easy calorie counter makes tallying up the day's calorie intake simple. It covers everything from condiments, sauces and toppings to main courses, fast foods, frozen foods, ethnic foods and snacks. Also includes a Low Calorie Guide for dieters.
