He was the nicest guy! He took the time to share a lot of information with me in reference to his career and affiliation with the legend, Les Paul.I wanted a

book right then and there. Of course, he didn't have one for me to buy so I immediately went home and purchased the books. I'm still in the middle of reading them but I love it so far and I cant put them down!!!! It is soooooo informative and the pix are spectacular!!!It you LOVE Les Pauls and playing Gibson Les Pauls the way I do (which is stupid crazy)...you have to get Robby's books!!!
