**Harold E. Meyer : Lifetime Encyclopedia of Letters** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lifetime Encyclopedia of Letters:

0 of 0 people found the following review helpful. To help an engineerBy Code BreakerLots of good ideas ..... Especially for a very technically oriented person.... BUT ... There was nothing offered for the difficult COPE WITH A MEDICAL CONDITION letter ..... A tough letter to write..... This book needs another chapter. I am not sorry I bought the book.0 of 0 people found the following review helpful. Lifetime Encyclopedia Of LettersBy Priestess Auset Ra Amen: Rev. Michelle Lewis, B.Msc.I am a proud owner of this book and recently ordered one second hand on for a girlfriend of mine, whom I got tired of writing letters for. I have recommended it to many friends who assume I'am a certified paralegal because of my letter writing skills. this book is a must have for anyone who needs to learn how to formulate a letter correctly.0 of 0 people found the following review helpful. Five StarsBy Robert DuGardI like

the program but the purchase was cancelled.

With more than 800 sample letters and 300 model sentences, this revised and expanded version of the bestselling handbook makes writing personal and business letters a snap. Categories include: requesting favors, fund raising, collection, complaints, apologies, congratulations, and more.

.com The modern conundrum: while the art of letter writing is fast extinguishing, the need for expressive, impressive, appropriate letters is as great as ever. The result? A mortifying amount of miserable missives that sadly miss the mark. E-mail informality is all very well for one's sister in Toledo or one's colleague three cubicles down, but when one needs to promote a product or raise funds, seek a job or request a favor, effectively complain, apologize, or reprimand, or send a letter of condolence, the typically confident and competent achiever gets noodly in the knees. Write a thank-you letter? The prospective correspondent is suddenly busy cleaning his or her desk and organizing the office files. All you really need is a template to show you the way, and that's where Harold Meyer's Lifetime Encyclopedia of Letters excels. There are 981 letters covering most every business or personal occasion, organized in 600 categories, and followed by a comprehensive index. From Declining Requests (subdivided into "Invitations," "Applications for Credit," and "Donations," among others) and Requesting Favors to Sympathy, Apology, and Thank-You notes, Meyer shows an array of approaches, discusses effective techniques for various intended results, and instructs you on which tone to pursue, depending on whom the letter is going to and what you're trying to achieve. The encyclopedia won't actually write the letter for you or affix the stamp, but it provides proven formats to help structure your thoughts, and smooth starter and closer sentences--typically the hardest to write--to jump-start your communication and end with style. --Stephanie Gold About the Author Harold Meyer is an industrial accountant who has spent over 30 years collecting and analysing letters, memos, directives and correspondence.
