Klaus Vollmar : Little Giant Encyclopedia: Dream Symbols (Little Giant Encyclopedias) before purchasing it in order to gage whether or not it would be worth my time, and all praised Little Giant Encyclopedia: Dream Symbols (Little Giant Encyclopedias):

It gives you several interpretations - Jung, Freud, general and Folklore - and I wouldn't use any other book than this one. If you don't find the exact symbol you need, think of a synonym for that word/symbol and you find your answer. The author encourages you to pay attention to your own symbols as well.0 of 0 people found the following review helpful. This is a fun little book to have around when pondering your dreamsBy CynthianneThis is a fun little book to have around when pondering your dreams. This gives insight from Jung and a little bit of Freud. Dreams can be affected by a person's life but when you are stuck and need more insight, grab this little gem.0 of 0 people found the following review helpful. One StarBy Dolores PiegareJust another run of the mill ineffective dream book.
