Four StarsBy Linh DaoIt's good enough for me2 of 2 people found the following review helpful. Word differencesBy S. J. ScottThis is the only book from Longman I would have ever considered

buying. I love it and I have recommended it to all of my students and most have purchased it and they also find it useful. This useful little book shows you the differences between words. For example. hotel, motel, inn, etc. Only buy the English version of this book. There is a Chinese version available but the translations are terrible.

Designed to help students of English to increase their vocabulary, this contains over 15,000 entries covering 130 topics, from life and animals to war and peace. It brings together words with related meanings and lists them in sets to show the differences and similarities between them.
