**Ovid, Richard A. LaFleur : Love Transformation: an Ovid Reader (English and Latin Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Love Transformation: an Ovid Reader (English and Latin Edition):

Easily moves at a steady pace for students of moderate skill (would be great for a high school Latin IV or literature class). As an adult graduate student, I have used this book to stay sharp and exercise my skills, and it has worked very well because of the broad vocabulary and relatively quick reading.0 of 0 people found the following review helpful. Five StarsBy richard l. lillisA good text to use to introduce students to Latin poetry and hexameters before they begin the A.P. year.1 of 1 people found the following review helpful. Putting Latin Knowledge to UseBy

Jeremy OutinenHad to buy this for a Latin class. Loved all the fascinating tales and mythology. Great way for intermediate level learners to put their knowledge to the test in a more practical and interesting way, rather than just going over simple grammar and vocabulary.

This revised and expanded second edition of R.A. LaFleur's *Love and Transformation* is designed to introduce intermediate and advanced high school and college students to the timeless artistry of Ovid's *Metamorphoses* and *Amores*. Including all the selections from the AP Ovid Syllabus, the volume contains "Daphne and Apollo," "Pyramus and Thisbe," "Orpheus and Eurydice," "Pygmalion," "Daedalu and Icarus," and "Baucis and Philmon" from the *Metamorphoses*, as well as *Amores* 1.1-3, 1.9, 1.11-12, and 3.15.
