David J. Maloney : Maloney's Antiques Collectibles: Resource Directory (Maloney's Antiques and Collectibles Resource Directory) before purchasing it in order to gage whether or not it would be worth my time, and all praised Maloney's Antiques Collectibles: Resource Directory (Maloney's Antiques and Collectibles Resource Directory):

Until I bought this book I was very limited at finding resources to sell my antiques and collectibles. Now it's the only thing I use, it covers anything and everything collectible and it gives you collectors that buy/sell, museums, libraries, clubs, etc. It's a must have book for the collector and re-sellers. 3 of 3 people found the following review helpful. The open sesame to selling, buying all kinds

of goods

Thank goodness a friend loaned me her copy. Had to buy for myself after my post-it markers in her copy numbered over 20. Discovered how to sell, value and locate all kinds of items. Can't imagine selling anything without turning to this voluminous resource first. Well worth the price.

It is a good resource book and would be a five star but the passage of years has rendered alot of the information useless ---- especially the phone numbers.

Expanded to include over 18,000 listings, Maloney's massive directory is the primary reference tool trusted by experienced and novice collectors alike. In addition to providing valuable information on specific collectibles, Maloney's keeps collectors in touch with experts, buyers, clubs, and publications, listing 4,700 Web sites and 6,250 e-mail addresses.
