A "major road" turned out to be a single-track, pot-holed, frighteningly bad track suitable for four-wheel drive only. And that's just the beginning of how bad it is.0 of 0 people found the following review helpful. Nice map, could use more detail.By R. GrindelandNice map, but Malta is small and the many of the roads are more like paths. More detail insets would be helpful. Used it in conjunction with Apple maps and managed to find my way around just fine. I couldn't find a better map so I recommend this one.2 of 2 people found the following review helpful. Malta And Gozo MapBy Robert EvansVery well detailed map of both of the Islands ... I was very pleased with the excellent work put into it for the viewer :) It will be very valuable to use as we walk around Malta real soon :)
